## TYPE APPROVAL CERTIFICATE

### INMARSAT GLOBAL SATELLITE PHONE SERVICE (GSPS) HANDHELD MOBILE EARTH TERMINAL USE WITH THE INMARSAT SATELLITE COMMUNICATIONS SYSTEM

**WHEREAS**, Inmarsat Global Ltd, the manufacturer of a GSPS handheld Mobile Earth Terminal (MES), identified as IsatPhone Pro, has submitted test data which demonstrates that the said GSPS handheld MES, as stated below, when operating in the environmental conditions set forth in the manufacturer's application, meets the applicable technical requirements for use with the Inmarsat Satellite Communications System, as issued by Inmarsat in the document entitled "Geo-Mobile Radio (GMR-2+) System Specification"; and

**WHEREAS**, said manufacturer has certified that all other units of the same type will meet said technical requirements in a similar manner to the unit subjected to test and that the results of the tests in accordance with procedures approved by Inmarsat demonstrate that said GSPS Handheld MES and other units of the same type are capable of providing the communications functions. The full technical details of the IsatPhone Pro are documented in its Product Requirement Specification.

**NOW, THEREFORE**, in reliance upon the foregoing, Inmarsat does hereby certify that the GSPS handheld MES type identified herein is acceptable for use with the Inmarsat Satellite Communications System as of the date of this certificate.

**Inmarsat Global Ltd.**

A handwritten signature in black ink, appearing to read "Richard Denny", is written over a light blue grid background.

**Signature:**

**Name:**

**Richard Denny**

**Title:**

**Senior Vice President,  
Global Network & Engineering**

**Date:**

**17 June 2010**

**NOTE, HOWEVER:**

1. This certificate is intended only as formal notification to the above identified GSPS MES manufacturer that Inmarsat has determined, on the basis of data submitted by the GSPS MES manufacturer, that the GSPS MES Installations of the type identified herein, meet the relevant standard for use with the Inmarsat system. This certificate is not a warranty and Inmarsat hereby expressly disclaims any and all liability arising from or in connection with issuance, use, or misuse of this certificate. This certificate does not confer access approval for the GSPS MES Installation type to any other system.
2. This certificate does not authorise the operation of the GSPS handheld MES in the Inmarsat system. Such authorization requires commissioning after installation, in accordance with the commissioning procedures established by Inmarsat. In addition, the operation of the GSPS MES may also be subject to national licensing requirements.
